The third edition of the **TECHNOLOGICAL AND BUSINESS COOPERATION**

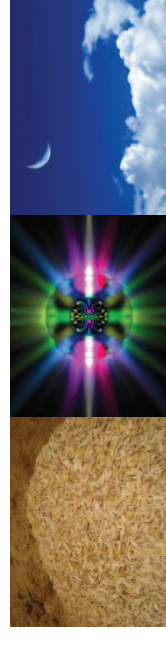

EVENT will be held in Valencia from 29th February to 2nd March 2012, during the joint international Environment and Energy Fairs:

- EGÉTICA-EXPOENERGÉTICA: Fair for energies
- ECOFIRA: International fair for environmental solutions
- NOVABUILD: Eco-building, rehabilitation and sustainable urban development fair
- GREENUP: Fair for sustainability in landscaping and town planning
- EFIAQUA: International fair for efficient water management

It will consist of an international platform that allows companies and organizations from the sectors of energy and environments, to meet each other in order to begin business co-operations, share innovative technology proposals and seek solutions for new challenges.

Areas of interest:

- New technological solutions (energy and environment)
- Sustainable production and distribution of energy
- Collection, transport and treatment of waste
- Valorization and recycling of residues
- Emissions control
- Natural materials in sustainable construction
- Insulation, climate control and ventilation
- Domotics and digital home
- Sustainable landscaping
- Sustainable urbanism
- Efficient management of water
- Treatment of sewage waters
- Environmental management systems

How to participate:

- Register and submit a cooperation profile online at: www.b2match.eu/b2benvironmentenergy2012
- Profiles are published in a constantly updated online catalogue, which is the basis for the bilateral meetings
- Participants select interesting profiles from the catalogue and request meetings, to discuss potential co operations
- A 30-minute meeting is scheduled by the organizers
- Individual meeting schedules will be sent out to the participants a few days prior to the event

PROGRAMME 2012

Wednesday, 29th February

9:30 onwards Check-in / Registration
10:00–17:00 30-minutes pre-arranged meetings

Thursday, 1st March

10:00–17:00 30-minutes pre-arranged meetings

Friday, 2nd March

10:00–17:00 30-minutes pre-arranged meetings

After **the successful experiences in 2009 and 2011, with around 200 participants each, representing companies and entities from the energy and environment sector**, this new edition will assume new challenges. With more than 800 bilateral meetings organized in the last edition and a 30% of foreign participation, the initiative has become a referent platform where the companies and organizations can offer their innovative proposals, look for technological solutions and start business and technological cooperation.
