B2B MEETINGS FOR ECO-INNOVATION

27th November
FIL Meeting Centre
Lisbon, Portugal

HOW IT WORKS?

The main objective of the brokerage event is to create a meeting forum for companies, research institutes, universities and other organizations that are actively engaged within the water sector and want to learn more about the eco-innovation solutions. Participants may provide opportunities for collaboration through aimed-to-agreement bilateral meetings.

The meeting forum will take place on November 27th 2012.

Firstly, you have to register your company details and cooperation profile (b2match tool).

All participants of the event will be able to view your cooperation profiles and assess potential of cooperation.

During the event, the meetings take place at numbered tables and each meeting will last for 20 minutes.

WHY TO TAKE PART?

The main objective of the brokerage Event is to set up an open forum for exchange of technologies, ideas, experiences and knowledge. This opportunity gives participants the chance to explore different water related challenges and to approach new cooperation opportunities and market solutions.

> You will meet institutions from other European countries.

All participants will be interested in establishing new business contacts.

> The networking event will offer the possibility to businessmen, entrepreneurs, researchers and innovators to carry out open networking activities during the face to face meetings.
